

Speaker at Breast Cancer Rehabilitation & Wellness GLOBAL Summit

We will focus on thriving, healing and building your resource list for getting back to “normal” after a breast cancer diagnosis.

November 30, 2018 By [Lisa Vento Nielsen](#)

I am so honored to be a part of the GLOBAL Breast Cancer Rehabilitation and Wellness Summit for Day 1. This is a 7 day summit asking us to find 25 ways to thrive. Breast cancer, as we all know, is a global epidemic and one that affects someone every 2 minutes of the day with a diagnosis. It affects men and women, and like any life-changing diagnosis, it impacts every aspect of our lives.

Through sharing my story and building this nonprofit focusing on survivorship tools around the very things we all need — dignity, a sense of purpose and the ability to make a future in a world that suddenly has been turned upside down — I was so excited to be asked to be a speaker for this event. It is a virtual event so you can be a part of this summit from anywhere in the world. By signing up via the Eventbrite link BEFORE December 8 for FREE access to all of the speakers and the topics — [the link is here!](#)

The focus of the event is thriving, healing and building out your resource list for getting back to “normal” after a breast cancer diagnosis. I hope to see you there!
