

Stay in the Game: Advances in Treating Metastatic Cancer

Episode 20 with Daniel P. Petrylak, MD, Professor of Medicine (Medical Oncology) and of Urology; Co-Leader, Cancer Signaling Networks, Yale Cancer Center

January 5, 2022 By [Fans for the Cure](#)

Welcome to Stay in the Game: Conversations about prostate Cancer with Ed Randall. Here we'll chat with doctors, researchers, medical professionals, survivors, and others to share and connect. This show was produced and shared by Fans for the Cure, a non-profit dedicated to serving men on their journeys through prostate cancer.

A recognized world leader in the study and practice of urology and a pioneer in developing treatments for bladder, kidney, testicular, and prostate cancers, Dr. Daniel P. Petrylak is currently the head of Prostate Medical Oncology and Professor of Medicine and Urology at Yale University Cancer Center in New Haven, CT. He is also the Co-Leader of the prostate cancer research group and Co-Director of the Signal Transduction Program at Yale and the Smilow Cancer Hospital.
