

Stay in the Game: MRI-Guided Radiotherapy = More Precise Prostate Cancer Treatment

Episode 27 with Himanshu Nagar, MD, Assistant Professor of Radiation Oncology at Weill Cornell Medicine in New York City.

December 27, 2022 By [Fans for the Cure](#)

Welcome to Stay in the Game: Conversations about Prostate Cancer with Ed Randall. Here we'll chat with doctors, researchers, medical professionals, survivors, and others to share and connect. This show was produced and shared by Fans for the Cure, a non-profit dedicated to serving men on their journeys through prostate cancer.

Assistant Professor of Radiation Oncology at Weill Cornell Medicine in New York City, Dr. Himanshu Nagar supervises the region's only MRIdian machine, created by a Colorado-based company called ViewRay. MRIdian provides MRI-guided radiotherapy, which leads to a more precise prostate cancer treatment while significantly limiting or eliminating the side effects of treatment.
